

1963 Jaguar Series 1 E-type 3.8 Roadster

PRICE £120,000

ABOUT THIS CAR

IDEAL FOR USE ON: [Paris to Biarritz](#), [The Midnight Sun](#), [London to Lisbon](#), [Rally New Zealand](#), [Slartibartfast](#)

Rally Preparation Services is pleased to offer this matching numbers 1963 Jaguar Series 1 E-type 3.8 roadster classic car for sale. Finished in unmarked Opalescent blue with the correct red interior, a Brantz Classique tripmeter and Willans 3 point seatbelts are the only visual clues that this meticulously maintained E-type has enjoyed some classic rally tours.

Many superlatives have been expended on the Malcolm Sayer penned masterpiece that is the E-type. You may have read the stories of 100mph road tests on the newly opened M1 and the praise from Enzo Ferrari. Without doubt it is accepted that the Series 1 roadster we have here is the prettiest, most desirable derivative and usually the most expensive. To find a matching numbers 3.8 is becoming increasingly difficult as production changed after just 4 years to the 4.2 in 1964.

This Series 1 started life in (rust-free) California and was registered back in the UK in March 1992. Professionally converted to RHD and upgraded with the popular Getrag 5 speed transmission. This lovely E-type has been with the current owners since 2010 and they have enjoyed the gentler rallies including the 2012 Champagne rally, the Amiens rally and this year the [Rally Round Paris to Amsterdam](#) finishing well up the leaderboard. We have looked after this car recently and as you would imagine the car has performed faultlessly and completed all events with poise and style. Certainly a car we can recommend.

The car is currently residing at RPS' sister company - the SASCo storage facility and available for inspection.

All viewings and test drives welcomed by appointment at Rally Preparation Services.

All enquiries to Martin on martin@rpscvm.com or telephone +44 (0)1993 358009.
