

# 1974 MGB Rally Car

## PRICE £16,995

## ABOUT THIS CAR

Rally Preparation Services are offering for sale this beautiful 1974 MGB Roadster, prepared to Historic Road Rally specification

The MGB needs no introduction. First launched in 1962 and production ended in 1980. With over 523,000 cars built, this popular affordable sports car was successfully sold across the world. The 1798cc B-Series engine is a delight to drive, has overdrive on 3rd and 4th gear and it still looks as good today as it did 60 years ago.

The car we are offering for sale is an original 1974 chrome bumper model, built to historic road rally specification with presumed genuine mileage recorded to the MOT history. At its last voluntary MOT in May 2021 there were no advisories on the car. Being an historic vehicle there is no need for Road Tax or MOT.

The previous owner looked after this car in a very thorough fashion which can be easy to see and demonstrated even more when you drive it with the many upgrades it has had. Complete with Brantz Rally Trip meter, roll over bar, full harness seat belts, fire extinguisher and all the usual requirements for taking part in a classic rally, this car is ready to go!

The car has had a very good respray probably in the early 2000s and has also been Wayoxled. We have the history file on the car from 2011 with over £4,000 spent in two years to bring it up to the high standard it is at today. There is nothing left to do apart from driving and enjoying this lovely MGB as a fine example of a classic MGB or as a ready to go classic rally car.

The car is currently with Rally Preparation Services sister Company, the SASCo storage facility and available for inspection. All viewings and test drives welcomed through direct contact with Rally Preparation Services.
